SUNBURY HALL

DUNLOP & CENTRE ST.

- Update on the Gateway Project and the South Fraser Perimeter Road
- Delsom Estates
- Presentation of the Hoover Naas proposal by Greg Hoover
- Presentation by the Sunbury Neighbourhood Association
- Special guests including Guy Gentner, MLA

Did you know

- That Delta has been cut off from receiving the draft reports of the SFPR because they posted them on their website and asked for public input?
- That the original SFPR plans that were drawn up in 2000 (complete with on/off ramps at Centre Street, Delwood Drive and Knudson) are still the plans Gateway is using today even though there has been strong opposition from the public and the Corp. of Delta?
- That 20,000 people or more could potentially cut through Sunbury and Annieville daily from North Delta and other communities via Nordel Way to the SFPR if these on/off ramps are constructed as planned?
- THAT JUST BECAUSE THIS HAS BEEN IN THE PLANNING STAGES FOR 20 YEARS - DOESN'T AUTOMATICALLY MAKE IT THE RIGHT OPTION FOR OUR NEIGHBOURHOOD!!

Please attend - we need your input!!!
